

USTM

Professional
water treatment

Anti-flood valve **SMARTSTOP**

Intelligent Automation

The valve works in conjunction with a smart water leak sensor, automatically closing when the sensor detects a water leak.

Flood Protection Feature

The valve automatically shuts off within 5 seconds if there is a power outage.

Water Flow Control

Full control over water flow via the app.

Cloud Support

Tuya Remote control from anywhere at any time using the app or voice control – Smart Home.

Valve control
via the app

Automatic
valve shut-off
in case of flooding

Protection for your home

Timer switch

Voice control

Protection level
compliant with IP67

DANE TECHNICZNE TECHNICAL DATA

Nazwa: Catalogue No.	ZAWÓR SMARTSTOP 34	ZAWÓR SMARTSTOP 1
Materiały: Materials:	SS304 (stal nierdzewna 304 klasy spożywczej) i tworzywa sztuczne (ABS) SS304 (food-grade stainless steel 304) and plastics (ABS)	
Rozmiar zaworu: Valve size:	3/4"	1"
Klasa wodoodporności: Waterproof class:	IP67	
Maksymalne ciśnienie: Maximum pressure:	10 bar	
Napięcie wejściowe: Input voltage:	DC 5V	
Praca w temp.: Working temp.:	-30~60 °C	

ZESTAW ZAWIERA SET CONTAINS

ZAWÓR SMARTSTOP
SMARTOP VALVE

3 SZT. CZUJNIK
ANTYZALANIOWY
3 PCS. ANTI-FLOOD SENSOR

SZPILKA
PIN TOOL

3 SZT. BATERIA 3V CR123
3 PCS. 3V CR123 BATTERY

KABEL ZASILAJĄCY USB
USB POWER CABLE
